

# **POTENTIAL GUIDELINES CARDS**

**Group members  
will sit in a circle.**

**Meetings will begin  
and end on time.**

**Be sensitive to other  
people's feelings.**

**It is important to listen. One person speaks at a time.**

**You have the right to “pass” when a question comes to you.**

**It’s important to give positive reinforcement to members of our group — let’s put people *up*, not put people down!**

**Respect confidentiality!  
Don’t talk about others or their comments outside the group.**

**Advisors will respect the confidentiality rule, except where personal health and safety is concerned.**

**All questions are welcome. If any member of the group feels that a question is too personal or inappropriate, the question should be reframed.**
